

Young Audiences' mission is to inspire young people and expand their learning through the arts.

WISH LIST

Ann Betterton, Development Director
abetterton@yanjep.org, 609-243-9000

CAPACITY: Help us grow our capacity to serve more children, teachers, and families with outcome-driven arts education programs and help us reach our ultimate goal of serving every child every year.

- ✓ Serve as a Board Member: Trustees believe in the mission and work to grow our impact.
- ✓ Host a Friend-Raising Event: Help educate your network about Young Audiences and our work with students and teachers. You supply refreshments and invite your friends and YA provides an arts-infused 15-30 minute program.
- ✓ Be an Arts Education Ambassador: Help us grow our reach by making an introduction to a teacher, principal, or educator.

CONTENT-AREA SPECIALIST: As a learning organization, we gather expertise from leaders and specialists to improve our work.

- ✓ Share Your Diversity Expertise: Your expert guidance and consultation in diversity, equity and inclusion will advance staff, board and program offerings.

PROGRAMMING: Help students in underserved communities connect with their own creativity. YA programs often provide a child with her first interaction with a live artistic experience.

- ✓ Artist Development Fund: Help us create new and innovative arts programs that respond to changes in education, social justice, health and wellness, and social and emotional learning. Funds are used to develop new programs and recruit new artists so we can proactively serve the needs of students and teachers.
- ✓ School-wide Programs: Give the gift of inspiration and creativity. Funds support programs (performance and/or hands-on workshops) for a school community.
